Subject: RE: Political Alert - Whistleblower condemns CSIRO pro-alcohol bias (FED)
Attachments: More on CSIRO's alcohol-related research

Hi all, we have had one follow up media query based on a follow-up media release from FARE (attached is an email Kate has circulated today with the release). But the journo was not going to progress the story further.

The plan is to refer any other inquirers to the existing response as published in the Guardian (ie. It is not a story).

Regards, Helen
