Dear [REDACTED]

On 20 December 2013, the Department made a request via email to you for an extension of time to process your request. As a response had not been received from you the Department, in accordance with section 15AC of the Freedom of Information Act 1982, sought an extension of time from the Office of the Australian Information Commissioner (OAIC). The OAIC granted an extension of time until close of business 10 January 2014 for the Department to provide you with a decision in relation to your request (OAIC reference RQ14/00010). The Department is working towards this timeframe, however due to a number of circumstances it is possible that this timeframe may not be able to be met. I will keep you informed as to when the Department will be in a position to provide you with a decision when I am able.

In the meantime should you have any questions about the processing of your request please do not hesitate to contact me on the details below.

Please take the above as notification of the OAIC decision in relation to the Department's application for an extension of time.

kind regards

[REDACTED]
